

The City (The City, #1) The city changed my life and showed me that the world is deeply mysterious. I need to tell you about her and some terrible things and wonderful things and amazing things that happened . . . and how I am still haunted by them. Including one night when I died and woke and lived again. Here is the riveting, soul-stirring story of Jonah Kirk, son of an exceptional singer, grandson of a formidable pianist, a musical prodigy beginning to explore his own gifts when he crosses a group of extremely dangerous people, with shattering consequences. Set in a more innocent time not so long ago, The City encompasses a lifetime but unfolds over three extraordinary, heart-racing years of tribulation and triumph, in which Jonah first grasps the electrifying power of music and art, of enduring friendship, of everyday heroes. The unforgettable saga of a young man coming of age within a remarkable family, and a shimmering portrait of the world that shaped him, The City is a novel that speaks to everyone, a dazzling realization of the evergreen dreams we all share. Brilliantly illuminated by magic dark and light, it's a place where enchantment and malice entwine, courage and honor are found in the most unexpected quarters, and the way forward lies buried deep inside the heart. ...more The City (The City, #1) PDF ebook
